

Sewing for Storead

In Support of Underrepresented, Yet Incredibly Talented Women
to Expand Their Business

Help Us Empower Women, One Stitch at a Time

Hey there! I'm Ronan Vasanth, and I want to share an incredible story with you—one that's close to my heart.

Back in 2022, a student kickstarted *Saree Stories*, a heartfelt mission to empower women with disabilities at the **Better World Shelter** in Chennai. Together with the shelter, they created *Storead*, a small business crafting stunning accessories and apparel.

Fast forward two years, and *Storead* has flourished into a shining example of courage, creativity, and determination—all thanks to the amazing women behind it.

Why Should You Care?

The Better World Shelter is more than a home—it's a lifeline. It offers women with disabilities a safe haven where they can heal, learn, and rebuild their lives. By supporting Storead, you're doing something truly special: you're helping these women achieve independence, confidence, and a future filled with hope.

Here's the Deal

To grow their business and open the door for even more women to thrive, Storead needs a multi-needle embroidery machine. It's a big investment—₹3.3 lakh—but the impact? **Massive.**

This machine will:

- Provide a steady income for the women.
- Help them create more diverse products.
- Boost productivity and efficiency.
- Bring even more women into the fold of this empowering community.

How Can You Help?

Every single rupee counts. No amount is too small to make a difference. With your help, we can make their dreams a reality and give them the tools to shape their own destinies.

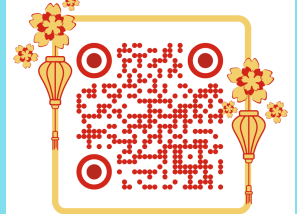

Let's Do This Together!
